KENNESAW STATE UNIVERSITY
PETITION TO CHANGE TUITION CLASSIFICATION

PLEASE READ THIS PAGE BEFORE YOU COMPLETE THE PETITION

A student’s initial classification decision is determined by the application for admission submitted by the student.

A student’s resident status is not changed automatically, and the burden of proof that the student qualifies as a legal resident under the regulations of the Board of Regents of the University System of Georgia rests with the student. A student is responsible for registering under the proper tuition classification.

The combination of items requested and information provided on this petition will be taken into consideration in the review for tuition reclassification. All documentation submitted must be dated to clearly support that the twelve-month waiting period has been satisfied. Your signature certifying that the information provided is true and complete must be officially witnessed by a Notary Public. A Notary Public is available in the KSU Office of Fiscal Services, 3391 Town Point Drive, Suite 3700. The petition must be filed no later than 60 days after the semester begins in order for the student to be considered for reclassification for that semester. If the petition is granted, reclassification will not be retroactive to prior semesters.

The eligibility criteria to be classified as a resident for tuition purposes is based on Board of Regents Policy 4.3 Student Residency. The student must have established domicile in Georgia the last 12 months immediately preceding the start date of the term. A person’s legal residence is the place where he/she is generally understood to reside with the intent to remain indefinitely and return when absent. There must be a concurrence of actual residence and the intent to remain indefinitely to acquire a legal residence. On-campus housing does not meet this criterion.

Furthermore, a student’s eligibility to be classified as a resident also depends on his/her dependent or independent status. A dependent student is an individual under the age of 24 who receives financial support from a parent or United States court appointed legal guardian. An independent student is an individual who is not claimed as a dependent on the federal or state income tax returns of a parent or United States court appointed legal guardian, and whose parent or guardian has ceased to provide support and rights to that individual’s care, custody, and earnings.
